SUMMARY

Product leader with 7+ years of end-to-end product ownership and 15+ years overall experience building, scaling, and improving SaaS, AI, MarTech, HealthTech, and EdTech products across US and India. Specialized in AI-led product development, multi-product ownership, cross-functional leadership, and data-driven execution. Delivered measurable business outcomes including 500% ARPU growth, 3.5x user scale, 120% WAU uplift, and 70% revenue increase. Known for strong product judgment, user understanding, technical depth (GenAI/LLMs), and high-velocity product delivery.

CORE PRODUCT SKILLS

- Product Leadership: Roadmaps, prioritization, multi-product ownership, OKRs, discovery
- AI & Tech: GenAI/LLMs, recsys, automation, APIs, platform workflows
- Execution & Growth: Agile, backlog, funnels, retention, GTM, Mixpanel, GA4, SQL, A/B
- Tools: Jira, Confluence, Figma, Miro, Amplitude, Segment

SELECTED ACHIEVEMENTS

- Delivered **500% ARPU** growth in a US MarTech platform using GenAI-driven scheduling, optimization, and automation features.
- Increased weekly active users by **120%** and **in-app purchases by 2.3x** for a HealthTech app through AI-driven engagement and gamification.
- Improved product delivery **throughput 30%** by introducing portfolio governance, cross-functional operating rhythms, and structured prioritization.
- Built India's first learning tablet ecosystem (Classpad) and scaled an EdTech consumer app suite to **1M+ downloads**.

PROFESSIONAL EXPERIENCE

Product Head (Multi-Product Ownership)

KnowledgeCity Inc. | Nov 2024 – Present

- Leading product strategy and delivery for enterprise learning and skills-assessment products.
- Owned product vision, roadmap, and execution for Skill Assessment Manager, Team Skill Builder, and Team Needs Analysis.
- Led 14 product owners and collaborated closely with engineering and design teams to improve delivery velocity and decision-making efficiency.
- Built AI-first capabilities including a Recommendation Engine and Auto-Update Assessment Engine, enhancing personalization and reducing manual operations.
- Embedded AI across assessments, workflows, and admin functions, driving 80%+ usage across internal and customer environments.
- Implemented quarterly planning, structured prioritization, and KPI-driven execution aligned with leadership goals.

Group Product Manager (MarTech + HealthTech)

CareCentra India Pvt Ltd | Sept 2021 – Nov 2024

- Owned strategy and execution for two major products: Smartfluence (MarTech – US) and MyMobeMap (HealthTech).
- Worked closely with 24 engineers, design, QA, data teams, and 6 PM/APMs to drive roadmap clarity, delivery alignment, and release cycles.
- Partnered with Sales, CS, and GTM to refine product positioning, customer segmentation, and revenue-driving initiatives.
- Delivered GenAI Scheduler enabling 500% ARPU growth for Smartfluence.
- Built AI-led discovery and optimization workflows improving influencer selection accuracy and ROI.
- Achieved **120% WAU** increase in MyMobeMap through PTSD chatbot and behavioral nudges.
- Designed gamification features driving 2.3x growth in in-app purchases.
- Delivered 10+ AI-first features across personalization, notifications, and engagement funnels.

Product & Marketing Head

DBMCI / eGurukul | Dec 2019 – Apr 2021

- Led digital transformation of a legacy coaching business into a scalable learning platform.
- Defined product strategy, learning architecture, and GTM for the eGurukul app.
- Drove 3.5x user growth and 70% revenue uplift through ML personalization, onboarding improvements, and funnel optimization.
- Managed an 8-member engineering team to ship analytics dashboards, adaptive learning paths, and automated content workflows.
- Reduced churn and increased paid conversions through lifecycle interventions and insights-driven iteration.

Founder & Product Lead

Mark N Comm PR | May 2016 – Oct 2019

- Built and scaled a 40-member digital/PR consultancy serving national brands.
- Designed and launched a proprietary affiliate marketing platform (NDA-compliant) enabling automated campaign workflows.
- Led product scoping, development, and GTM for the platform while owning end-to-end delivery for major clients.

Product Manager (EdTech)

Classteacher Learning Systems | Jul 2013 – Apr 2016

- Launched Classpad and Classmate SaaS, doubling revenue within three quarters.
- Scaled Chifro Studios educational apps to **1M+ downloads** and ₹3M revenue.
- Owned requirement definition, UX workflows, and engineering coordination across student, teacher, and school dashboards.
